Hi Blake –

Do you know how far downstream R6 has collected samples? And do you know when/if that data will be released? We released CO data yesterday (<http://www2.epa.gov/goldkingmine/epa-statement-colorado-data-gold-king-mine-release>), but UT, BLM, and NPS is hoping to get info that's a little closer to them & Lake Powell. I'm also reaching out to R9 to see what they have.

Thanks!
